Parent Involvement Policy

The School recognizes that the involvement of parents (hereinafter including guardians/caretakers/foster caregivers) and families in their children's education is critical to students' success. In order to accomplish the goal of welcoming, encouraging, and promoting parental/family involvement, the School shall:

1. Create a welcoming school climate.

- Provide a welcome packet for all parents visiting the school, including important school contact information, school calendar and information about the vision and mission of the school.
- Have teachers make personal contacts with families through e-mail, phone calls or home visits.
- Hold an open house, prior to school opening, at which families can meet their children's teachers, tour the school building and meet other families.
- 2. <u>Provide families information</u> related to child development and creating supportive learning environments.
 - Provide information for parents on typical development and appropriate parent and school expectations for various age groups.
 - Print suggestions for parents on home conditions and activities that support learning at each grade level.
 - Partner with local agencies to provide resources to families.
- 3. Establish effective school-to-home and home-to-school communication.
 - Provide information for parents on homework policies and on monitoring and supporting student work at home.
 - Send home student work for parent review and comment.
 - Allow access so families can frequently monitor their children's progress.
 - Clearly communicate school policies to all families.
 - Establish formal mechanisms for families to communicate to administrators and teachers as needed (e.g., phone numbers, e-mail addresses, weekly hours for families to call or meet).
 - Create a "suggestion or comment" box (electronic or onsite) for families to anonymously provide their questions, concerns and recommendations.
- 4. <u>Strengthen families' knowledge and skills to support and extend their children's learning at home and in the community.</u>
 - Provide training and materials for parents on how to improve children's study skills or learning in various academic subjects.
 - Make regular homework assignments that require students to discuss with their families what they are learning in class.

- Provide information on community resources and activities that link to student learning skills and talents, including summer programs for students.
- Inform families of the high expectations and standards children are expected to meet in each grade level. Provide ways for families to support the expectations and learning at home.
- Engage families in opportunities to work with their children in setting their annual academic and career goals.
- 5. Engage families in school planning, leadership and meaningful volunteer opportunities.
 - Invite parents to be involved at the School, including Title One planning.
 - Identify family volunteer interests, talents and availability, matching these resources
 to school programs and staff-support needs.
 (Recurring volunteers will be required to comply with background check policies of
 the School.)
 - Create volunteer recognition activities such as events, certificates and thank-you cards.
 - Host events which encourage interaction among parents.
- 6. Connect students and families to community resources that strengthen and support students' learning and well-being.
 - Through school-community partnerships, facilitate families' access to community-based programs (e.g., health care and human services) to ensure that families have resources to be involved in their children's education.
 - Establish school-business partnerships to provide students mentoring, internships and onsite, experiential learning opportunities.
 - Connect students and families to service-learning projects in the community.
 - Invite community partners to share resources at annual open houses or parent-teacher conferences.
