

# Ohio Digital Learning School

2022-2023  
Annual Report

Dear Parents, Students, and Stakeholders:

As the Head of School at Ohio Digital Learning School, I am proud to tell you about our school's mission and progress. The 2022-2023 school year was our fourth year of operation. We grew from 613 students to 1590 students by the end of the school year.

Ohio Digital Learning School is designated as a Dropout Prevention and Recovery School through the Ohio Department of Education. We serve students ages 16-21 who have fallen behind in credits or have experienced crises that have interfered with the success of their high school career. Our focus is helping students recover credits and overcome obstacles to successfully complete high school and be prepared for careers and college. We provide opportunities to recover credits through block scheduling and credit recovery courses. Students can take advantage of career counseling and exploration through weekly sessions and courses. We also provide targeted intervention to address learning gaps.

The 2022-2023 school year provided many opportunities to support our students academically and holistically. To meet the social emotional needs of our students, we implemented the Seven Mindsets curriculum into our Pathfinder Hour sessions and Homerooms. We continued our Homeroom Program daily to help build lasting relationships with staff and peers. Our Title 1 intervention program provided students with additional engagement and attendance support. At the end of the school year, 425 students made up Ohio Digital Learning School's graduating class of 2023. We could not be prouder of our graduates and our returning students.

We look forward to the upcoming 2023-2024 school year. Ohio Digital Learning School will continue to combine rigorous curriculum and instruction with wraparound supports to provide students with an opportunity to recover credits, engage in learning safely, and prepare for college and career.

Sincerely,  
*Brian Powderly*  
Head of School

## School Report Card

Ohio Digital Learning School receives the dropout prevention and recovery report card. Schools that receive the dropout prevention and recovery report card receive ratings for up to eight measures and four components. Ohio Digital Learning School earned a Meets Standards overall rating for the 2022-2023 school year. The report can be accessed at <https://reportcard.education.ohio.gov/dorp/017643>

# ODLS SY22-23 Report Card

## School Overview

Print

Schools that receive the dropout prevention and recovery report card receive ratings for up to eight measures and four components.

### Achievement Component

The Achievement component, previously called the High School Test Passage Rate component, represents the number of students who meet applicable criteria on assessments that are required for graduation.

View More Data

### Progress

The Progress component looks closely at the growth all students are making during the school year.

View More Data

### Gap Closing

This component shows how well schools are improving or meeting the performance expectations for all students in English language arts, math, graduation, and English language proficiency.

View More Data

### Graduation Rate

The Graduation Rate component looks at the percent of students who are successfully finishing high school with a diploma in four, five, six, seven or eight years.

**OHIO DIGITAL  
LEARNING SCHOOL**

Ohio Digital Learning School is a community eSchool, which is funded by public sources and independently operated by a board of directors under a charter granted by the Ohio Department of Education.

Ohio Digital Learning School is managed by Stride K12, Inc. and authorized by Ohio Council of Community Schools.

### **Sponsor Statement**

*Ohio Council of Community Schools (OCCS) uses various methods to evaluate the school's performance including published tests and other academic scores such as the Ohio Department of Education Local Report Card and supporting data. OCCS regional representatives visit our partner schools regularly ensuring compliance with federal, state, and contractual requirements. The results of this monitoring for the 2022-2023 school year are published in the 2022-2023 Ohio Council of Community Schools Annual Report, available after November 30 at [www.ohioschools.org](http://www.ohioschools.org)*
